

WAH Z!

Some people think imagining the MAHANTA nearby is just an empty fantasy, but it's not. [We couldn't imagine something unless there was a reality to it.](#)

If you need help or protection, call out for Wah Z and visualize him standing near you. Wah Z is the name by which the present Living ECK Master is known in the spiritual sense. Or you can simply use the name Z, which is an abbreviated form.

Then just relax and know that help is near. The Inner Master, the MAHANTA, will be working with you to bring the experience that is important for you now.

**Then just relax
and know that
help is near.**
