

Special ECK May Anniversary

The Laws of Creation

May 22, 1989, was an important date
in the history of ECKANKAR.

On that day, the city council of Chanhassen, Minnesota,
approved ECKANKAR's request to build a spiritual edifice.

ECKANKAR has just come through a small window
into a new world of being. Since winning approval from
the Chanhassen city council to build the Temple of ECK,
my mission is launched into a new, higher orbit. The task is,
of course, to bring news of the Light and Sound of ECK
to all who want spiritual freedom here and now.

It was a rugged assignment to accomplish the initial stages
of planning and land approvals for the Temple of ECK.
A small dedicated team of ECKists and community leaders
helped us to realize the goal.

Building the Temple followed the laws of creation,
whereby the unspoken becomes manifest. Thus, the ageless
teachings of ECK have found a home in this spiritual age.
