Is Justice Possible?

FINDING HOPE, MEANING, AND DIVINE JUSTICE IN AN UNCERTAIN WORLD

True justice isn't always what we see in the world. From a spiritual perspective, divine justice—through the Law of Karma—helps every Soul learn, grow, and return to the love of God.

1 WHY WE SEARCH FOR JUSTICE

We long for a world where people are treated fairly. Yet human justice is often incomplete and slow.

***Two timeless moral laws:**

- Do all you have agreed to do.
- Do not encroach on other persons or their property.

Still, the world asks:

Why is there so much suffering and chaos?

*From historian Richard Maybury

2 THE SPIRITUAL PURPOSE OF LIFE ON EARTH

Earth is a schoolroom for the ongoing education of Souls.

The Law of Karma is a divine justice built into the universe.

Its purpose is not punishment, but education.

It helps every person learn how to love as God loves.

There is good karma too. Every choice matters.

3 KARMA AND SPIRITUAL GROWTH WORK TOGETHER

All true learning comes from experience.

Words inspire, but experience transforms.

Spiritual change happens one person at a time.

Eckankar's teachings and practices awaken Soul to its highest potential.

New Souls incarnate. Lessons continue. Growth unfolds.

4 RESPONDING TO INJUSTICE WITH WISDOM

Set healthy boundaries. Act lawfully.

Act on behalf of your highest good with wisdom and reason.

We're all students. We all can change. See others with a broad perspective.

Make divine love your driving factor in all you say, think, feel, and do.
